P.O. BOX 400 • BEDIAS, TEXAS 77831 • (936) 395-1119

### City of Bédias Ordinance #52

#### SEWER CONNECTION FOR NEW RESIDENT

New residents who want to secure sewer and water connections must fill out an application for sewer and water connections. Applications may be obtained at the City of Bédias Office. If the property does not have an existing sewer connection, the resident must obtain a bid from a licensed plumber to determine the cost. The proposed new connection must be approved by the Bédias Water Company before any work is done to create the new sewer connection. The entire cost of the new sewer connection is the responsibility of the resident. Only after the Bédias Water Company has approved the sewer connection will water be turned on to the residence.

Approved this 12<sup>th</sup> day of September, 2016 by the Bédias City Council
